SUMMARY

Computer Science student and full-stack developer skilled in Java, Spring Boot, React, Python, and PostgreSQL, with **three live web applications**. Seeking software engineering internships.

TECHNICAL SKILLS

- **Languages:** Java, Python, JavaScript, SQL, C++, HTML, CSS
- **Frameworks & Libraries:** Spring Boot, Spring Security, Spring Data JPA / Hibernate, React, FastAPI, JavaFX
- **Databases & Cloud:** PostgreSQL, Supabase, Vercel, Railway
- **APIs & Security:** REST APIs, JWT, BCrypt, Google Gemini API
- **Tools:** Git / GitHub, Linux / Unix, IntelliJ IDEA, VS Code, Maven, pgAdmin

EDUCATION

B.S. in Computer Science | Southwest Minnesota State University, Marshall, MN | Expected December 2027
Minor: Data Science | **CS GPA:** 3.7/4.00
Relevant Coursework: Object-Oriented Design, Software Engineering, Computer Architecture, Networking, UNIX

PROJECTS

Foresight | AI Workforce Readiness Platform | **3rd of 12 Teams, Southwest MN Hacks 2026** | Live · Devpost
Python, FastAPI, Supabase (PostgreSQL), Gemini AI, Vercel

- Owned the backend, API, and database layer for a platform that scores workforce readiness, flags skill gaps, and quantifies single-point-of-failure and financial risk from real employee data.
- Engineered a deterministic, unit-tested risk engine with CSV/Excel import and Gemini human-in-the-loop reviews.

NepalDisaster.com | Flood Emergency Information Platform | Codyza Club Project | nepaldisaster.com
Bilingual (English & Nepali); data from DHM, NDRRMA, Open-Meteo, Windy (ECMWF)

- Co-developed a live civic emergency site for the 2026 Nepal floods with an auto-updating district alert map, 5-day forecasts, live news, highway closures, and relief-fund links.
- Built a searchable missing-persons registry with Missing/Found filters and photo-upload reports.

LifeOS Health | Full-Stack Nutrition Platform | lifeoshealth.com | GitHub
Java, Spring Boot, Spring Security, React, PostgreSQL, JPA/Hibernate, Railway, Vercel

- Designed and deployed a Spring Boot REST API (Railway) and React frontend (Vercel) with BMR/TDEE calorie targets and meal, macro, and water tracking.
- Implemented stateless JWT auth with BCrypt and email password reset; integrated the USDA FoodData API (600,000+ foods).

KnowYourFinance | Privacy-First Budgeting App | COMP 425 Team Project (4 members) | In Progress

- Building an app that parses uploaded bank statements (CSV/PDF) into transactions with custom date-range income-vs-expense reports, following a waterfall SDLC.

EXPERIENCE

Codyza Club, Southwest Minnesota State University | President | 2026 – Present

- Lead a student technology club open to all majors, running coding workshops, team projects, and hackathon prep.
- Wrote the club constitution and presented it to the SMSU Student Senate and faculty to launch Codyza.
- Guide Codyza teams building websites and real-world software.

ADDITIONAL WORK EXPERIENCE

Sevita / Genesis Crisis Home, Marshall, MN | Direct Support Professional II | 2025 – Present

- Promoted to DSP II; provide daily care, medication support, and crisis de-escalation for individuals with disabilities.

Amazon, Dallas–Fort Worth, TX | Warehouse Associate → Safety Associate → Auditor | 2022 – 2024

- Promoted twice; audited customer returns and associates' work using RF scanners and Garvis, Amazon's audit tool.

Swissport | Ramp Agent | 2024 – 2025

- Loaded and unloaded aircraft baggage and cargo on tight turnaround schedules while following strict safety procedures.

VOLUNTEER EXPERIENCE

American Red Cross, MN & Dakotas | DAT Duty Officer & Sheltering Associate | 2026 – Present

- On-call disaster responder coordinating shelter, financial assistance, and damage assessment for affected families.
